Are you currently a student at the University of Minnesota? \*

yes

no

Are you currently a graduate student at the University of Minnesota or have you ever been admitted to a graduate program at the University of Minnesota? \*

yes

no

Please select at least one research areas of interest. For more information about our research areas and their supporting professors, visit the [Research Areas](#) page.

Human Computer Interaction \*

If you have a specific project or research area that interests you not in the list above, please enter it here

I would like to work with HaiYi Zhu in Online Collaboration (Not listed as faculty below)

Identify at least one [faculty member](#) you would like to work with:

Hecht, Brent \*

Terveen, Loren

,

## Recommendation for Admission

Under the federal Family Educational Rights and Privacy Act of 1974, students are entitled to review their records, including letters of recommendation. It is your option to waive your right to review these recommendations or to decline to do so. Please select from one of the following options \*:

- ☒ I waive my right to review these recommendations
- ☐ I do not waive my right to review these recommendations

Please provide the name and email addresses for at least three individuals who you wish to provide a recommendation on your behalf. These should be three instructors/professors, supervisors, or others who can assess your potential for graduate work. When you submit your application, an email will be sent to each recommender with instructions on how to submit a letter of recommendation electronically. We recommend that you contact each recommender to verify that he or she received the email notification. We will then notify you via email each time we receive a letter of recommendation for your application.

	Full Name	Email
Recommender 1 *	<input type="text" value="John Chuang"/>	<input type="text" value="chuang@ischool.berkeley.edu"/>
Recommender 2 *	<input type="text" value="Daniel Mietchen"/>	<input type="text" value="daniel.mietchen@googlemail.com"/>
Recommender 3 *	<input type="text" value="Merrilee Proffitt"/>	<input type="text" value="proffitm@oclc.org"/>
Recommender 4	<input type="text"/>	<input type="text"/>
Recommender 5	<input type="text"/>	<input type="text"/>

## Statement of Purpose, Curriculum Vitae or Resume, and Transcript

Please upload one file that contains your Statement of Purpose, your Resume or Curriculum Vitae, and your transcript. If you do not include your transcript, the review of your application will be delayed.

Your file must be in PDF format. If you do not have access to Adobe Acrobat, you may wish to use [Adobe's online PDF creation service](#). There are also many free applications that allow you to create PDF files.

1. **Statement of Purpose** - A one page statement of your goals for graduate education. Concisely discuss your computer science educational, research, or industrial background as they relate to your objectives; any unique experiences relevant to research, and why specifically you are applying to the University of Minnesota. Please include names of faculty members whose research is of interest to you.
2. **Resume or Curriculum Vitae** - Your curriculum vitae or resume should include your educational background and degrees, any teaching or research experience, a list of papers or publications (URLs included), computer languages in which you are proficient and any other information that will advance your application.
3. **Transcript** - You will still need to submit your official transcript to the Graduate School, but a copy of your transcript is also required for our application.

**File formats:** You must submit a PDF file.

- Please do **not** submit encrypted PDF files.

- Please include a one inch (25 mm) margin at the bottom of each page. If your document's bottom margins are less than one inch, the pages will be truncated when your file is processed.

**File Received:** UMN-applicaiton-combined-Max-Klein.pdf (563534 bytes) \*

Education

Please enter your education history (beyond 12 years of school) in order of relevance - most relevant first. Please enter your cumulative grade as reported by your school so that we can match directly with the transcripts and other documents issued by your institution. Do not convert into any "American-like" system. To identify your system, please select the largest possible GPA for your system in the GPA Scale field. If your school also reports class rank, include that in your CV (not here), together with the size of the pool over which the rank is computed.
